

First Presbyterian Church Disaster Preparedness Survey

Our **Church Disaster Preparedness** program is concerned about your well-being and your personal situation. We are also concerned about our church property, the community, and other communities. Our Disaster Preparedness Program cannot and does not replace emergency services provided by government agencies. It is important that you read the hurricane guides provided by your County and make a plan for you, your family, and your property.

This form will help the church Disaster Preparedness Team identify both individuals who need assistance and individuals wishing to volunteer their services. It is important that *all* members provide this information. Your church wants to be prepared in case of an evacuation, emergency, or disaster. Recent disasters have proven that being well-prepared ensures a much better chance of survival.

Please provide the following information to help First Presbyterian help you:

Last Name _____ # persons living at your address _____

First Names _____

Address _____ City _____ State ____ Zip _____ + 4 ____

County: __ Sarasota __ Manatee __ Charlotte __ Other (*provide County name*) _____
